

Name That Creature!

Take a look at the animal pictured. What would you call it? On the line provided, give this creature a name. After naming the animal, tell a little about it. Where in the world would you find it? What does it like to eat? Make up another interesting fact or two. When you are finished, read the description at the bottom of the page to find out what this animal is usually called!

Write the name you made up here!

Duiker

Description: An antelope found in Africa. Most duikers live in the forest. They eat leaves, insects, fruits, ants, bark, and seeds.
